Monday Night

Mrs. John A Feick
Sandusky, Ohio

Dearest Wife:

I received your letter No 7 this evening. George wrote me some time ago that they were building a piece on the Castalia Club House. Lizzie, I don't think that I will go to Californiz this trip I think this is just about west enough for me and will want to get back east as quick as the Lord will let me. We have some Mormons out here that have seven wives and have children of all of them. Salt lake City is about 500 miles from here and there there are over eighty thousand Mormons they are queer people and have a queer Relegion. You can come out here just as quick as your father comes home then you can see what kind of a country this is.

What is the reason that Mamy gave Will Reimann the bounce? There was something on that new suit of under cloth that poisoned the skin on my whole body. Every night for the last 3 weeks I had to scrath and rub my body, legs and arms, so I went to the Doctor and he says that it is from the new under cloths. I have not had much rest at night for the last two weeks, it does not bother me at day time, until I go to bed. I supose you have my letters by this time in regard to the questions you asked which I hope you will never do again. I was not angry a tal, but did not like it very much. Lizzie what are they doing with my horse now, and is my buggy and sleigh all right yet? I expect Chas Wilken out here by the 15th of March you can get me two of those wollen sailor shirts and send them with him when he comes, and then there is a small Horse book some where upstairs in your dresses I think; It is a thin paper book Called Prof. Gleasons Horsetrainer with his picture on the front cover it loogs just like a songster do not loose the slip of paper that is in the book. that is all that I think of that you can send with him. Having no news I will close by sending a Kiss to Laura and Alford My best regards to Joe Lerman and all enguinay (?) friends and many kisses to you

Yours as ever

Mrs. John A. Feick

Dearest Wife:

I received no letter of you this evening but got one of Sister Ida and was very much pleased with it

I suppose Joe will have a grand time at Buffalo with the Reimann boys.

We have not had any rain since I am here but still have lots of wind. My cloths don't need washing yet and my socks have no bottom, but will get them washed and wear them as leggins I get shaved twice every week which costs 15¢ every time and 35¢ for a hair cut. The trick Hattie played on Zerbe is not very cute she should not go with one and promise the other Girls get punished and feel very sorry for such things after they are married You need not be afraid of me looking for another bed pardner as long as I am out here They have plenty of bad houses out here but they do not bother me.

It is true what I told you about wearing white shirts. I wish you could be out here when the corner stone will be laid The Free Masons are going to lay the stone and expect to have a grand time over it. I think George will be out when the time comes and if your father is at home then you can come with him. Mrs. Nagle and Mrs Wilcox at the Resterant are very anxious to see you and ask me every day when you will be out, have 6 or 7 more letters to write so I will bring this one to a close hoping you are well and to hear from you soon

Many kisses

Yours in Haste
