Friday Night

Mrs. John A. Feick

Dearest Wife:

Your letter #22 came to hand and was glad to hear from you again. The cake you sent was not spoilt I thought it would be very hard but it was not the chocolet cake wes emence and tasted better to me than any cake I ever ate. You say George will come out in Aug. and stay till January if everything goes all right If that is the case he will manage that things do not go all right so that he will not have to stay out here. Our electric light burns any time we turn it on that is all day and all night. Chas W is very homesick and would like to go back home if he could I am very anxious to hear what your father has to say You tell Chas and Joe if they want to see any good horses they should come out here I would like to take a team East with me but the freight would cost more than the horses are worth. We paid a little over a thousand Dollars for two cars of Iron from Chicago that is for freight only.

I am glad the twenty Dollars pleases you as it does and that you have your teeth in shape. You can tell Frank Cable that I send him my regards and all the rest of the Cable family. Having no news I will close hoping this will find you as it leaves me, Many kisses.

Yours as ever.

Dearest Wife:

I received your letter of the 24th inst and was glad to hear from you. I suppose the boys had quite a time building fence that woman must be a devil. By the looks of things the way you write you are getting tired of writing all ready. I think just as much of you as anybody could of there wife but the feeling does not seem to bother me as I know I have got to do without it. I do not get tired of reading your letters and that is the only enjoyment that I have in this country to read letters Having no news I will close hoping you are all well.

Yours as ever.

Dearest Wife:

I received no letter of you tonight but got the papers and I suppose you are getting tired of writing every night I thought I would tire you out writing this time this is not like over at Oberlin that I can come home every Saturday night. I will do well if I stay here much longer before I see you it seems to me just as if I was lost and had nobody to think and care for me. You look in the city directory and tell me how Filby's (the one on the cemetery) name is spelled and what his first name is I want to write him a letter he wants to send his boy out here to work you must not say anything to Filby about it. Manny Kisses to you.

Yours as ever
