Dearest Wife:

I received your letter this evening which pleased me very much. I do not think it necessary for you to make lace enough to come out here, think if you ask A.F.Bro. you can get the money and if they refuse to give it to you let me know and I will see that you get it if you would depend on your lace, it would take you longer than it would for me to finish the Capital, so I think your lace skeame is N.G. & further more think it unnecessary & uncalled for. Have you heard when your father is coming home? if it is not very soon you shall come to Cheyenne before does come home, think I have waited long enough. I was to Nagles all day today & had a very plesant time. Sent you pictures letter & papers this morning which I think you will have when you get this letter. Inclosed find two Business cards which I forgot to put in A.F.& Bro's letter this evening take them to the house & give them to father or Geo. Having no more news I will close hoping to see you soon
Best wishes to all and many kisses to you

I received your kind & welcome letter & was very glad to hear from you but I would like to see you in your new wrapper if it is as nice as you say.

I suppose by this time you know what kind of a time we had at the laying of the Cornerstone, people expect to have a larger time on Decoration day. I twll you this is a great country for excitement.

People are more liberal & a nicer class of people than you find in the east.

Train is here & I must close hoping to see you soon Many Kisses,

Dearest Wife:

Received your letter but no paper this evening have had lots work to do and did not feel very well is the reason that I did not write so often. Before you come out go to George and have him explain to you how to come. You can go to Chicago without a sleeper you get there about 12 o'clock at night that same day you start, then you change & take the Rock Island R.R. to Omaha, you get there the next night about 7 50 o'clock, on that train you can get your meals in the Dining car that costs 75¢ a meal, you must ask the conductor where to get your sleeping car ticket or ask George he can tell you more about it than I can rite. At Omaha you change cars again and take the Union Pacific R.R. that runs to Cheyenne, there is one that leaves for Denver at the same time so be careful that you get in the right one you must get your sleeping car ticket at Omaha as you go through the depot to the Union Pacific that will cost you 400 Dollars the one you get at Chicago will cost 300 Dollars, if you take the sleeper you will be well taken care of if you dont know just what to do ask the porter on the sleeper and he will tell you just what to do. you will not have to waight more than an hour any where if you dont miss any trains. Have Geo. give you time tables of the 3 roads & explain to you so that you know where you are going Enclosed fine time card of the U.P.R.R. you can telegraph when you come having no news I will close hoping to see you soon many kisses to you

Yours as ever

Dearest Wife:

I received your long letter yesterday or last night I mean to say, and was very glad to hear from you. I suppose you folks are over your scartness of being burgerlized by this time you ought to have had some nervey man in the house and the burgler would have had his Brains blowed out.

There was two or three shot here this week.

You say the man cut the glass with a diamond I dont think he could have cut it ss easy as all of that, there was one of those lights broken when it was put in (thus) and I think he lifted the broken piece out. Hoping to see you soon I will close by sending many kisses to you and regards to all

Yours as ever
