Dearest Lizzie

I received your letter this morning and was very glad to hear from you. If father does not get married for a year or so perhaps I can talk it out of him when I get home which I hope will be very soon if nothing happens. Let Georges brat talk all she has a mind to, only stick to what you said, and I will the same. I will get square with them all when I get home & dont you forget it. If we only can stick together we will be all right as long as we live.

Have no news this trip so I will close inclosed find letter of Anna Heinze which came today opened it & did not think it was for you.

Good bye dear Lizzie
Manny kisses and kisses

Yours

Dearest Lizzie,

I received two letters of you this evening and was very glad to hear from you. I came home at half past nine to give my hands a good soaking they are so sore that I can hardly write, but they feel considerable better since they had a good washing and greasing. I feel terrible homesick for the last two days & wish I was with you again. I do not want you to go to see my mother very much as long as the bratt goes there, for my mother will tell her a good many things that the bratt will make an Elephant out of it, and if my father asks you who you do not come down much you can tell him to come down to your house and the balance I will explain to him when I get home. I do not propose to have everything ballard around town that I write home nor do I want my letters shown to everybody and have fun made of them so be very cautious what you do & say. I have heard & seen all I wanted too.

Is the Redd head working at Gs yet? I thought she had left or did she come back again? I think it was a pile of cheek myself of a woman to ask or send a man to ask your father to get married, I wonder who she is?

Having no more news, I feel very tired I will close hoping to hear from you soon & see you again
Many Huggs & Kisses

Yours John A.

Dearest Lizzie:

I received your letter this evening and was very glad to hear from you, we are all well at present & hope we will be until I get home. We have regular summer weather for the last five days and it seems so funny when you say that you go out sleighing in Sandusky.

The plasterers left on the new road tonight and wanted me to go with them the worst way, & said they would pay my fare if I would go with them, They will send us a dog (Pug) to Sandusky to my address so when it comes you will have to take good care of it until I get home. They hated to leave with out me but it will not be very long before I get home. I wish you would tell Joe that he can use my sleigh whenever there is any sleighing he is welcome to it.

We worked hard all day at the Capitol we have second & third stories finished and have the dome very near finished then all there will be left is the basement & first story, settling up, pack our trunks & tools, sweep out the building, have our trunks taken to the depot, buy our tickets, tell them all good bye, jump on the train, kiss my best girl, ride for two days and a night on the train, then we are in Sandusky. Then I take a wheel borrow and wheel myself home from the depot to your house, get something to eat, or kiss you before I eat, (I forgot all about that excuse me) for eating before kissing, then we will talk a little talk about the west, then go to bed, and then you bet we will be together again when I have it in) Oh my want we enjoy it and never part again So (dont) get worried or fear I will be home soon and when I get there we will stay together and live happy & have a little Girl or boy all the same

Mrs Wilcox is very lonesome for you and wishes you would come back but not any more than I do

Having no more news I will send my best wishes to all many kisses to you and regards to my father and dont forget to tell him

Yours
John A

Dear Mrs Feick

I will devote a little time to you. Mrs. Nagle and Mrs Mathews spent the evening with me. We had a very pleasant time of course. Wished you were here.. We had lots of fun. It really seems six weeks since you left. I ask Mr F if he would let you come back. he said you could if you wanted to And Oh I do wish you would come. I think it would be such fun if you could surprise us all, and especially Johnny. Well I suppose you have heard that Hattie and Mother Jackson have separated they could not get along. But of course I'll never know what there troubles were. I am very sorry. But Of course all must have there troubles I suppose you will here all. Well I expect from thoes scratches you will think We had a growler. But dont miss your guess. I can see the lines if I dont keep on them. Most any one would think I was writing to a Deaf friend from the loud hand write Well I hope you think of of us often dream of us often and write often from a friend and well wisher.

Love to you all
good bye from a
parolized friend

Lizzie I have no news I dont know why but I dont know what to write only work & work
Many kisses to you.

Dearest Lizzie:

Just got home stoped at the Post Office before I came up & found two letters there from you which pleased me very much. I think it real mean if that is the way your father treats you after doing all you did for him, but you treat him just right until I get home which will be soon and I will try and have things different if I can

My hands are considerable better since I gave them a good soaking.

Having no news and feel very tired I will go to bed, by sending you many Kisses & Huggs good bye
