I received your letter this morning and was very glad to hear from, I pity all the children if you have Kate L for a step mother but of course if there is no other way it can not be helped if I was at home I would talk to him, it would have been better for him & you all to have him marry the Dutch girl sooner than K.

Liz I came home late this evening & feel very tired so excuse me for not writing you very large letter & some of us will soon be home I will try & come home with the first lot if I can
