Dear Friend Mrs Feick

I was so glad to hear from you and I think the pieces you sent lovely. And I dont know in what words to use to thank you for them spools of silk I was very glad though you thought they would please me And they did I'll assure you Anna Hyde made me a lovely block for my quilt I am finishing the twelvth block.

You ask who runs the Lunch counter. Mr Kabis. I was down there last evening I often go there to see the trains come in and yesterday was my afternoon off. And I was up to the Capitol with Mrs Toss. visiting the Legislature It seems strange of course that I went with her. But I have learned to like her better than I did while you were here Jenny Stanton is the same old slought. She often comes down here. I think a great deal of her mother. I wish you was here. Oh" yes I told Joni what you said and he says that you cant think any more of him than he does of you. and Hary sends his love and the girls two. I have an old maid working for me now. But I'll not keep her Yes Hat and Mother Jackson dont speak and she has not been here for a long time I dont think she liked it because we didnt ask her and Mattie to the partie But I had nothing to do with it. I told Sam to ask his mother and Mattie if he wanted them to come But he didnt ask them Well I hope some time in the dim future to meet you in Cheyenne again. With much love to you I say good bye write soon and often for it does my soul good to get letters from you

My Dearest Lizzie:

I received no letter of you today
We are having very nice weather at the present. We have
been working at Mr Nagles house today but expect to get
done with him soon at least I hope so that we can go home
soon. In regard to signing the property over to Chas &
Joe I advise you all to have your father make a will &
file it with some attorney under a certain condition that
the will be enforced in case anything my happen and other-
wise it be void. but just to have something to show in
case there may something happen. If Chas was wise he
should have done as I told you to speak to Watson or R.B.
Hubbard & tell them that It should be kept Confidential,
and you can bet no one would have heard a word of it
(There no Dutch)

I received no letter of you yesterday or today, what is the cause of that. I did not write you yesterday we worked at the Capitol all day until late at night so I went to bed right after supper Today I have had a terrible head ache all day & have felt very home sick.
