

NO GOING STEADY UNTIL YOU'VE GRADUATED HIGH SCHOOL

Reasons:

It cheats you of the opportunity to learn about all kinds of people.

The dating years are precious. These are the years during which you develop your pattern and techniques for dealing with people.

When you go steady, you tend to let your life get centered on one person. You can easily forget your other friends and just do what your steady wants and see just whom your steady wants to.

Going steady is the first step toward marriage.

NEVER ASSUME YOU CAN GO OUT WITHOUT CHECKING WITH YOUR PARENTS FIRST

Reasons:

The family may have plans that you forgot or didn't know about.

If you forget to tell your parents of your plans **BEFOREHAND**, you may not be allowed to go.

LET YOUR FRIENDS KNOW THEY ARE NOT TO PULL UP BY OUR HOUSE AND HONK THE HORN.

Reasons:

If you know your friend is to pick you up at a certain time, you should be ready and waiting.

We can't hear horns very well from inside the house.

It disturbs the neighbors.

If it is your date, he/she should come in and meet your family.

DATING:

No dating until you are in high school

When you are in high school, you can double date.

SEX:

Please think this through. If you really love someone, you want what is best for him and you. Isn't it best to finish your schooling and have a solid job before you risk having a child to take care of? There is no 100% safe contraceptive. If someone is pressuring you to have sex and you are not ready to be a parent, maybe he/she doesn't really love you?
